Goal: 150+ minutes / pages read
R@SH records turned in on Mondays.

Monday’s Reflection: Complete Back of This Form

revised: Dream Team - original source - D. Bawden
**R@SH REFLECTION**
(TARGETS FOR READING)

Response Expectations: Demonstrate your practice from your reading of your target

**Targets:** Main Idea, Summary, Inference, Text Features

1) What is the main idea/theme of your novel/story? **Support** your answer with one example from the story:
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

2) In your own words, write a summary of your story or the selection that you read this week. Include a theme and three main events from the story.
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

3) Based on information in the story, predict what will most likely happen if the (choose a character) does (choose action)? **Provide one detail from the story to support** your prediction. (Inference)
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________
_____________________________________________________________________

4) Choose any character in your story that faces a problem. What problem does your character face? What are three steps he/she takes to solve this problem? **Include information from the story/selection in your answer.** (Analyzes data/text features)
